

Dr. Chelle Gentemann  
Program Officer, Lead Transform to Open Science Mission  
National Aeronautics and Space Administration  
Mary W. Jackson NASA Headquarters  
Washington, DC 20546-0001

Dear Florence, Arindam, and Jaume,

I hope this letter finds you well. On behalf of NASA's Transform to Open Science (TOPS) team, I would like to extend my heartfelt thanks to you for your participation in our [Community Forum](#) event on April 13, 2023. Your contribution to the Forum was invaluable, and we are truly grateful for your involvement.

TOPS is a project that relies on the participation of the open science community, like yours, to share stories and engage with the wider scientific community to promote the adoption of open science globally. Your compelling story has helped NASA in advancing the adoption of open science practices and principles, and we deeply appreciate your support in furthering our mission.

Furthermore, we would like to extend our warmest congratulations to you for being a global finalist of the NASA 2022 SpaceApps with your project 'The Open Metric'. Your achievement is truly commendable, and we are proud to have you as a part of our community. Your dedication and hard work have not gone unnoticed, and we wish you continued success in all your future endeavors.

Once again, thank you for your valuable participation in the TOPS Community Forum and for your outstanding contribution to open science. We are privileged to have you as a partner in our endeavors, and we look forward to your continued support in the future.

With deepest gratitude,

Dr. Chelle Gentemann
